Our customers

## Port crops terminals

### **Customer:**

JV "Transbalkterminal" LLC, Cereal terminal is part of infrastructures companies Kernel (Of Black Sea port)

### **Works:**

- ❖ Dust removal systems on car unloading stations: filter cabinets and flap systems
- ❖ Dust removal systems of technological transport equipment: local filters
- ❖ Development of solutions for dust removal during the operation of a ship loading machine with a capacity of 2000 t/h

**Customer:**

Ltd "M.V. Cargo"

**Object:**

Terminal Neptune

**Place Location:**

Marine port "Southern" with.  
Pattern

**Works:**

❖ Reconstructions restoration of  
the work of the dust suppression head for a  
ship loading machine with a capacity of 2000  
t/hour manufactured by Golfetto Sangatti  
(Italy)

## Port crops terminals

**Customer:**

Ltd "THIS – GRAIN"

**Place Location:**

Marine port "Southern" village Pattern

**Works:**

- ❖ Dust removal systems of technological transport equipment: local filters and bag filters

**Customer:**

PRAT "IVANO-FRANKIVSK CEMENT"

**Works:**

❖ Development of aspiration systems for the newly built complex of dry cement production. 109 units of aspiration equipment were delivered for dust removal production processes starting from the quarry, grinding station, drying and other processes

## GOKs/quarries/cement production

**Customer:**

PJSC "POLTAVSKY GZK"

**Object:**

Mining and beneficiation factory

**Place Location:**

m. Horishni Smooth (Poltava region)

**Works:**

❖ Arrangement of aspiration of the ore preparation line.

# Processing and food industry

## **Customer:**

Ltd "Radekhivskyi sugar"  
Industrial group  
with foreign  
investments (TM Diamond  
sugar)

## **Works:**

❖ Gas treatment system of four  
boilers. Four systems of 100,000  
m3 have been installed. Filters  
1100 cubic meters and fans DN-19

❖ Installation of a pulp  
overload station, with  
equipment manufacturing  
(Khorostki division)

❖ Manufacture and installation  
of a 10 m3 AISI 304 steel bunker  
(Chortkiv division)

## ROSHEN

**Customer:**

Ltd "ROSHEN"

**Object:**

Elevator complex 80 thousand  
tone simultaneous storage  
Boryspil

**Works:**

- ❖ Dust removal systems on  
car unloading stations: filter  
cabinets and flap systems
- ❖ Dust removal systems  
of technological transport  
equipment: local filters

# ROSHEN

**Customer:**

LLC "BC "ROSHEN"

**Object:**

Complex with  
deep  
processed wheat and mill

**Place Location:**

m. Boryspil

**Works:**

- ❖ Dust removal transport routes at transfer of grain of the zelevator to mill.
- ❖ Aspiration of technological processes at the mill and bran pelleting section.

**Customer:**

PJSC "Lebedynsky Seed Plant"

**Object:**

Lebedynskyi  
seminal plant (LNZ)

**Place Location:**

Cherkassy region,  
Shpolyanskyi District, with.  
swan, St. Factory, 17

**Works:**

❖ Arrangement of aspiration  
networks at PJSC "Lebedynsky  
Seed Plant"

## Processing and food industry

### **Customer:**

"Avoir" LLC

### **Object:**

Plant for the production of frozen vegetables, fruits and berries using shock freezing technology

### **Place Location:**

Cherkassy region,  
Zvenigorodskyi District,  
m. Spindle

### **Works:**

❖ Arrangement  
ventilation and rooftops for  
cooling and heating warehouse  
premises

**Customer:**

FIRMA ERIDON LLC

**Object:**

Complex with deep  
corn processing

**Place Location:**

Kyiv region m. Yagotyn

**Works:**

- ❖ Dust removal  
transport routes on elevator  
complexes at factory
- ❖ Dedusting of the  
ammonium nitrate reception point

# Processing and food industry

**Customer:**  
LLC "UKRSTARCH"

**Place Location:**  
Kyiv region m. Yagotyn

**Works:**  
Production and delivery  
aspirational equipment from set  
ducts: filter cyclones, filter  
cabinets, flap systems, ventilators

**Customer:**

Ltd "DAXA BUNGE Ukraine"

**Object:**

Complex with deep corn  
processing

**Place Location :**

Vinnytsia region, m. Reed man

**Works:**

❖ Dedusting of the mine  
grain dryer capacity 40 t/hour

# Processing and food industry

## **Customer:**

"Vinnytsia Poultry Factory" LLC, a  
branch of "MHP" PJSC

## **Object:**

Domestic  
complex with production  
compound feed

## **Place Location:**

m. Ladyzhin Vinnytsia region

## **Works:**

- ❖ System setup ventilation  
aspiration of the premises of the oil  
press shop

## Processing and food industry

### **Customer:**

LLC "SID CORP" subdivision  
American company Remington  
Seeds

### **Object:**

Cherkasy Seed Plant Plant  
with processing corn  
and calibration seed agricultural  
crops in with. Helmyaz  
Zolotoniskyi r-well Cherkasy  
region

### **Place Location:**

m. Cherkasy  
with. Helmyaz, Cherkassy region

### **Works:**

Production and arrangement  
aspirational equipment: cabinet  
filters, filters- cyclones, local  
filters

**Customer:**

PP "OLIYAR"

**Object:**

Butter extractive plant

**Location:**

Lviv, Lvivska region

**Works:**

- ❖ Dedusting of transport routes when transferring grain from the elevator to the plant.

**Customer:**

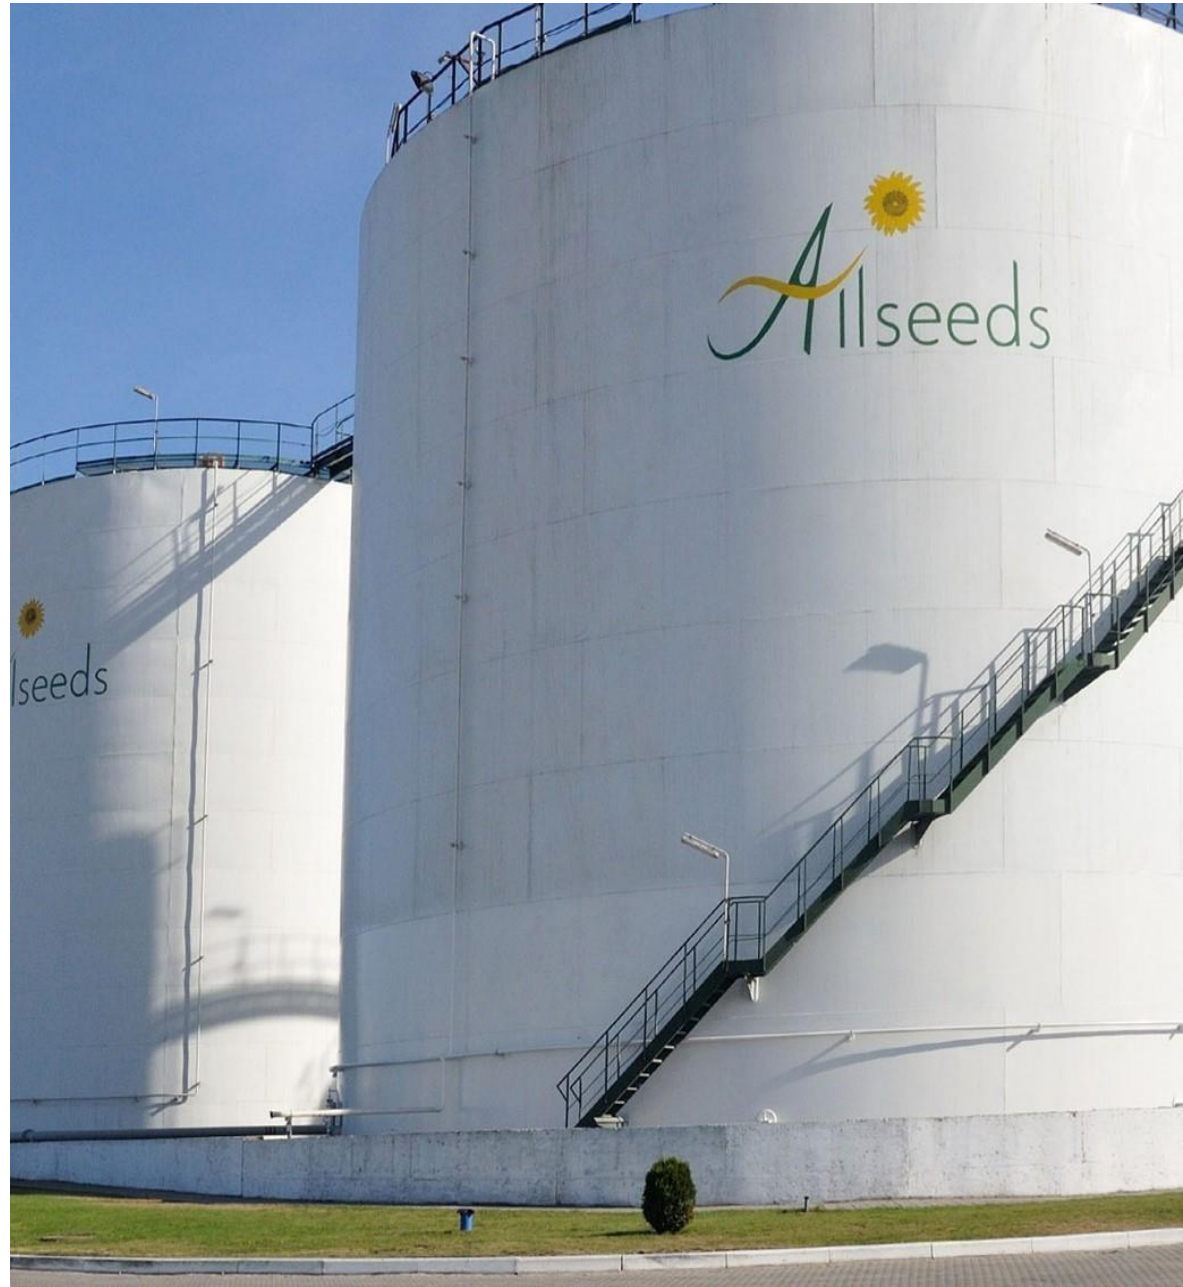

"OLSIDZ GROUP Ukraine" LLC

**Place Location:**

The appearance (Odesa region)  
HUM town Chuguevo (Kharkivsk  
region)

**Works:**

❖ Dust removal systems on  
car unloading stations acceptance  
grains and on acceptance meal:  
system aspirations and flap  
systems

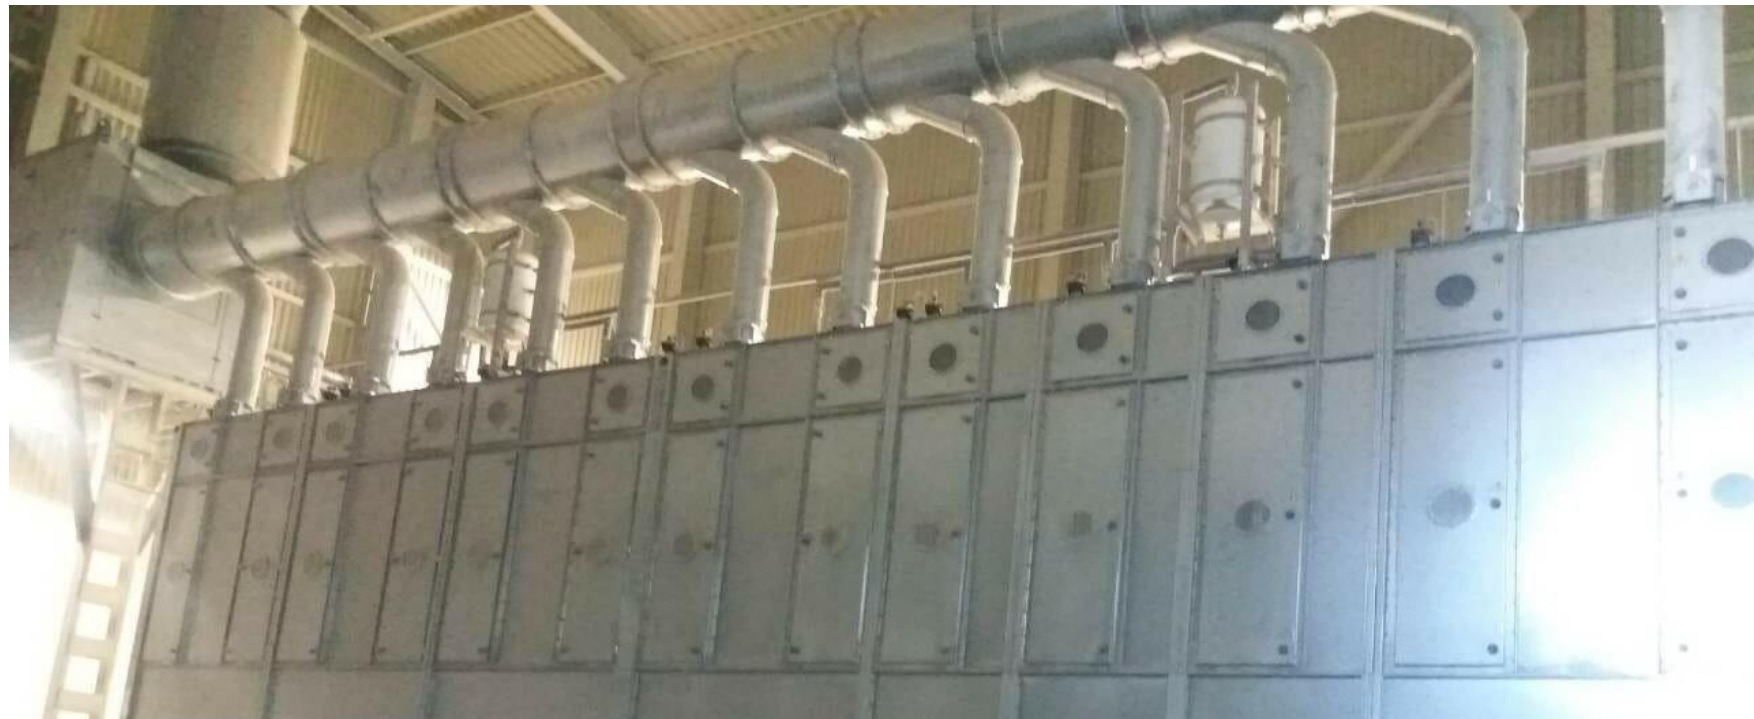

**Customer:**

"ALTERA GROUP" LLC  
International companies No. 1  
in the world producer corn  
flakes

**Works:**

❖ Dust removal systems on car  
unloading stations: filter cabinets  
and flap systems

# Linear grain elevators

## **Customer:**

Bohdanivetskyi factory  
Bread products (Khmelnyska region)

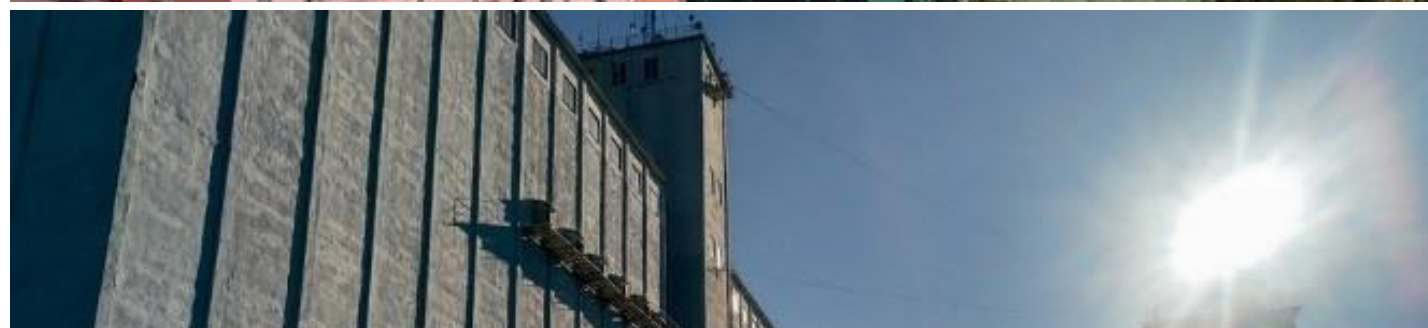

Ternopilsky factory  
Bread products (Teronopol Region)

Shpolyanskyi elevator (city spindle,  
Poltava region)
